

PPW Premium Account

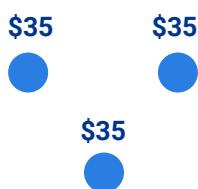

Account and billing overview

- PPW bills on the first business day of every month for the previous month's usage. It is billed "in arrears".
- A user performs a series of functions within the system during the month. This could be modifying an order, running reports, downloading photos, etc., just to name a few.
- The name on your bank or credit card statement will be charged from Xactware Solutions Inc.
- The base billing is \$199 plus tax (if applicable) per month for the first five users. There is no package for fewer users. *After the first five, each additional user is \$35 per month.*
- Users are only prorated upon creation. It is recommended to create users only when you are ready to assign them work.
- A user is anyone who will be logging into PPW online and/or the mobile application (owner, office member, processor, contractor, crew, vendor, etc.)

Example of an 8-user company (non-proration)

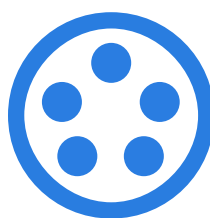

You pay \$199 + tax (if applicable) per month for the first five users.

Each additional user is \$35 per month.

In this example, the base rate is \$199 for the first five users plus \$105 for three additional users for a total of \$304 plus tax (if applicable).

Example of an 8-user company adding a 9th user midway through the month (proration)

You pay \$199 + tax (if applicable) per month for the first five users.

Each additional user is \$35 per month.

In this example, the base rate is \$199 for the first five users plus \$119 for the additional three users and prorated fourth for a total of \$318 for the month plus tax (if applicable).

PPW reserves the right to change any and all pricing and billing models at any time.
